

PROOF OF EXCELLENCE

Considerable savings achieved in Diesel Truck by extending Oil and Filter life by using *Eiffel Marvela Titanium 10W40 CI-4*.

Bilal General Transport is one of the leading transport company in Middle East.

OBJECTIVE:

Extend the oil drain interval from 15,000 km to 18,000 km to reduce overall maintenance cost and improve productivity.

APPROACH:

Careful monitoring of used oil through periodic oil analysis at 15,000 km & 18,000 km with support of Bilal General Transport Maintenance team.

RESULT:

Extended the oil change interval from 15,000 km to 18,000 km with considerable savings on oil, filter, labor cost and reduced downtime.

BENEFIT:

Considerable savings achieved in one of the Diesel Truck #6923 of Renault R-440.
