

PROOF OF EXCELLENCE

***Eiffel Vista Titanium 15W40 CI-4* has achieved extended Oil drain interval and improved Filter life in Bilal Gen. Transport Diesel Truck Fleet.**

Bilal General Transport is one of the leading transport company in Middle East.

OBJECTIVE:

To achieve an optimal oil drain interval of 15,000 km in order to reduce overall maintenance cost and improve productivity.

APPROACH:

Careful monitoring of used oil through periodic oil analysis at 15,000 km with support of Bilal General Transport Maintenance team.

RESULT:

Optimal oil drain interval up to 15,000 km achieved with considerable savings on oil, filter, labor cost and reduced downtime.

BENEFIT:

Considerable savings achieved in Diesel Truck Fleet.
